Empowered talent will be able to deliver peak performance that ultimately boosting the organization performance.

# Indi Priambada

CEO

Learning Business Management from BINUS University, Indi began her career with an international standard service operation and a successful branding company called STARBUCKS. Her journey in Business Consulting then took off when she first engaged with a printing company and several other startups, including the newly opened UKRIDA hospital, TokioMarine Insurance, Salim Group Subsidiaries, Rubicube Creative, and more.

Growing up in a Consulting Business environment, Indi received constant personal coaching from the founder of the company.

Indi is now ready to elevate talentSpace.id to a global player.

Sanjeev commenced his career as a Community Lead and Acting Business Development Manager at Yearntogether. As an innovative individual, he excels at leading change and transforming opportunities into valuable assets through visionary thinking and a relentless pursuit of excellence.

“My expertise lies in establishing strategic partnerships, akin to a master craftsman, to shape a promising future. Driven by ambition and guided by a clear vision, I continuously push the boundaries of innovation, transforming challenges into steppingstones towards success.”

## **DSR Sanjeev**

International Biz Dev. Executive

Natalia, who has been residing in Japan since 2006, launched her career in 2012 by co-founding an outsourcing company with her mother. The company has served several Japanese companies and factories. In this role, Natalia managed Human Resources and Administration, as well as Finance.

Japan's Kaizen philosophy, discipline, and work culture significantly contributed to streamlining administration and aligning the operations of talentSpace.id when she returned to Indonesia in 2018.
